Public Space Committee Members:

Our Commission requests an investigation of the use of public space at 901-903 D Street, NE. Looking at the site plans, it appears that public space has been paved on both Ninth and D Streets. In addition, there appear to be vehicles parked in public space. Research shows there is no public space permit for these uses. This letter is sent to you pursuant to a motion adopted unanimously by our Commission, at a regularly scheduled, properly noticed meeting held on January 8, 2009.

On Behalf of the Commission,

Joseph Fengler
Chair, Advisory Neighborhood Commission 6A
