

ANC6A08 Quick Notes

Volume 1, Issue 4

5/1/2007

ANC6A08 in the month of April

At the April ANC6A08 Roundtable, community members were pleased that Child and Family Services Agency was no longer negotiating with Martin Pollack Project, Inc for the location 1637 E St NE and that Martin Pollack Project, Inc withdrew their application. We were also pleased that funds were being allocated for a new Rosedale Recreation Center (6A07, 17th St NE and Gales St NE).

The community members expressed concern about the poor notification of street closures for the marathon. Beyond that, there should be an effort to work with residents who need to return home or access medical facilities. Although the

neighborhood appreciates the attention, we do hope that notice is provided farther in advance of the next Marathon (e.g., at least 2 weeks if not 1 month).

With many apartment buildings for sale in 6A08 and with construction ongoing, the need for neighbors to monitor permitting of work was discussed.

ANC6A08 Walk—Thank you so for coming out. We walked almost every block in 6A08. We met new neighbors, discussed creating leave behinds and had a great time! (We are probably all a bit sore too!) This will become a regular event in 6A08 on the third Sunday of each month 2 pm, Eliot JHS as the starting point!

Grass cutting time!
Grass and weeds more than 10 inches high can lead to up to \$500 fines from DCRA. Regardless of height it cannot be a hiding place for refuse, animals, people or trash. It also cannot yield an unpleasant odor, constant a fire hazard, or be diseased or dead.
