RE: Request for hearing postponement for HPA # 08-123 (225 9th Street, NE)

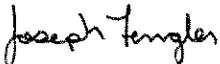

Dear Mr. Maloney:

We formally request a postponement in hearing HPA #08-123 regarding 225 9th Street, NE as our Commission has not had the opportunity to discuss potential concerns with the applicant. After reviewing the plans, we believe the following issues must be addressed before our Commission makes an informed recommendation on the application:

- We have not been able to review any site plans that include adjacent properties nor have we received any letters of support from neighbors directly affected by this addition.
- We have concerns regarding the ambiguity of material to be used in the rear.
- We would like to see current photos of the property itself as well as neighboring properties to gain a better understanding of the scope of the project.

We have requested that the owner or representative of the property attend our scheduled January 15, 2008 ED&Z meeting to answer the above questions.

On behalf of the Commission,

Joseph Fengler
Chair
