Re: ANC6A requests related to C St NE

Dear Director Lott,

At a regularly scheduled and properly noticed meeting<sup>1</sup> on July 8, 2021, our Commission voted 6-0-0 (with 5 Commissioners required for a quorum) to request the following actions from DDOT related to the installation of the C Street NE project:

- Installation of radar feedback signs and/or speed cameras on East Capitol and D Streets between 13th and 19th Streets to curb speeding by drivers using these routes to escape construction-related delays;
- A transparent and thorough design and community engagement process for expedited installation of additional traffic calming measures on C Street NE from 8th to 15th Streets NE in response to ANC6A's 2017 Traffic Safety Assessment Request;
- A transparent and thorough design and community engagement process to clarify continuity for cyclists at the western edge of the C St NE project scope; and
- Consideration of the removal of the southbound turn lane from westbound North Carolina Ave at 14th Street NE due to its frequent use as a passing lane by drivers.

Thank you for giving great weight to the comments and recommendations of ANC6A. Should you wish to discuss this letter with the Commission, please feel free to reach out to me at [AmberANC6A@gmail.com](mailto:AmberANC6A@gmail.com).

On Behalf of the Commission,

Amber Gove  
Chair, Advisory Neighborhood Commission 6A
