Re: ANC6A urgent request to install long promised curb extensions at 8th & F St NE and 8th & G St NE

Dear Acting Director Lott,

At a regularly scheduled and properly noticed meeting<sup>1</sup> on September 9, 2021, our Commission voted 8-0-0 (with 5 Commissioners required for a quorum) to request an urgent response to the following long overdue curb extensions, which are beyond their expected service resolution date and which represent an immediate safety hazards to children walking and biking to two nearby elementary schools.

In February 2019, our Commission requested DDOT install curb extensions at these locations. That request was one of several that we included on a list of our “Priority Requests” for DDOT for 2019. DDOT has since worked through and addressed many of the items on that list. DDOT timely agreed to install curb extensions at both of these locations and has created work orders to do so. Yet, no installations have occurred despite the passage of now more than two and a half years since our Commission requested these traffic safety measures. One is left to wonder how we are going to achieve Vision Zero if DDOT cannot resolve community priority requests for modest safety measures near elementary schools in communities like ours. In 2020, DDOT committed to completing these installations during 2021. In 2021, DDOT has yet to take steps to implement these installations and has refused to provide additional information regarding when these installations will occur. Enough is enough. We ask you to install these curb extensions without any further delay.

Thank you for giving great weight to the recommendations of ANC6A. Should you wish to discuss this letter with the Commission, please feel free to reach out to me at [AmberANC6A@gmail.com](mailto:AmberANC6A@gmail.com) or the Commissioner Phil Toomajian at [PhilANC6A@gmail.com](mailto:PhilANC6A@gmail.com).

On Behalf of the Commission,

A handwritten signature in cursive script that reads "Amber K. Gove".

Amber Gove  
Chair, Advisory Neighborhood Commission 6A
