NLPNA WILL NOT MEET IN JUNE

Please Water Trees

We are fortunate to have received many new street trees this year, but they will need supplemental water for at least their first two to three summers if they are to survive. The District government does not water street trees, relying on neighbors instead. You can help by joining the Urban Forestry Administration's Canopy Keeper program and adopting a tree near your home. For those concerned about the cost, this is much less expensive than you may think. Trees for Capitol Hill (TFCH) estimates that it costs less than \$10 to water a tree for an entire summer.

A quick blast from a hose encourages poor root development. It's much better to let the water trickle for 20 to 30 minutes – or better still, use a watering bag or basin. It helps to measure the amount of water you are delivering, and a garden hose connected to a nearby water source makes the job easy. The trees will need an absolute minimum of 20 gallons each week; more may be needed in very hot, dry weather. The green watering bags on the newly planted street trees should be filled once a week. Read the directions on the back of the label.

Mulch is also important. A two- to four-inch layer is sufficient, but the mulch must be kept away from the trunk to discourage destructive insects. Cleaning weeds from the planting space helps in two ways: First, the tree will not have to compete with the weeds for water. Second, the water bags are less likely to be punctured by mowers if there is nothing to mow.

By the time a tree looks like it needs water (is shriveled or drops leaves), it has already been damaged. Don't wait. Be proactive!

TFCH has a few bags and basins that can be borrowed for the season. If you want one, contact *The Buzz*.

A map with the locations of newly planted trees can be found at <http://ddot.dc.gov/page/tree-planting-ddot-trees>.

Want Trees?

NLPNA will be partnering with Trees for Capitol Hill again this fall to plant trees on public property. Funds from NLPNA and Trees for Capitol Hill will be used to match neighbors' contributions. Neighbors wishing to sponsor a tree must commit to digging the hole and watering for the first two years. Email elizabeth_knits@yahoo.com with "trees" as the subject, or call 543-3512 before June 13.

NLPNA Yard Sale

The NLPNA Yard Sale took place the Saturday after Mothers Day. For once, the weather was perfect: dry and sunny but not too hot. We deserved it after last year's misery. We didn't have many big-ticket items but we made out okay, taking in \$990, a very respectable sum. Among the more whimsical items were several huge stuffed animals, a large collection of moose figurines, and a pub-style dartboard. The only problem was that the truck to haul off the leftovers arrived really, really late.

Many thanks to those who made this event a success, the folks who helped with setup and cleanup, the sales people, the donors, and, of course, the shoppers!

Door to Door Soliciting Danger

There have been reports of a scam involving juveniles going door-to-door soliciting for a fictitious marching band fundraiser. In at least one case, there was an alleged robbery of the homeowner who opened the door.

Cmdr. Jeff Brown, MPD 1D, recommends not opening your door late in the evening. He also recommends keeping a screen door or storm door locked if you are opening your front door to strangers – so you still have a barrier and some level of protection.

While not all door-to-door soliciting is a cover for criminal activity, MPD would still like to know of groups engaged in this activity so they can assess the validity of their fundraising efforts.

Call 299-2037 to report anything suspicious.
