### **Advisory Neighborhood Commission Grant Instructions and Application Form**

#### **ANC Grants Overview**

Advisory Neighborhood Commissions (ANCs) are hyperlocal bodies composed of elected officials whose primary role is to consider a wide range of policies and programs affecting their neighborhoods. These include traffic, parking, recreation, street improvements, liquor licenses, zoning, economic development, police protection, sanitation and trash collection and the District's annual budget.

Each Commission receives an annual allocation of funds which they may expend “for public purposes within the Commission area or for the functioning of the Commission office, including staff salaries, Commissioner training, property liability insurance, legal expenses for Commission representation by an attorney licensed in the District before an agency, board, or commission of the District government, and nominal refreshments at Commission meetings.”<sup>1</sup> Commissions may expend their funds both directly and indirectly through a community organization, and some have chosen to do so through sponsorships and grants. Regardless of the method or terminology used, the permissible use requirements for ANC funds remain the same.

While the primary function of ANCs is not the issuance of grants, their “expenditures may be in the form of grants . . . for public purposes within the[ir] Commission area.”<sup>2</sup> Whether through a grant, sponsorship, or any other process, ANC expenditures are limited to the two areas defined in the D.C. Code and the same basic tenets applicable to the more traditional grant process.

While ANCs are not required to give community grants, the D.C. Official Code states that ANC “expenditures may be in the form of grants . . . for public purposes within the[ir] Commission area.”<sup>3</sup> The basic rule that applies is that such grants cannot be used for the general support of organizations requesting grants. Most importantly, the funds must promote a **public purpose** “benefit[ing] persons who reside or work within the Commission area.”<sup>4</sup> The law defines public

purpose as one “that benefits the community<sup>5</sup> as a whole and is not done for the primary purpose of benefitting a private entity.”<sup>6</sup>

Please review OANC General Guidance No. 2023-006 “Advisory Neighborhood Commission Guidance on Grants, Sponsorships, & Spending for Public Purposes” on the OANC Website for additional information related to permissible uses of ANC Grant funding.

### **Instructions & Guidelines**

- Fill out the application form beginning on page 4 in its entirety. The absence of information will delay review and processing of an application and may result in a rejection of the application.
- Only organizations may make grant requests. The organization must propose to provide services, public in nature, that will primarily benefit persons who reside or work within the granting ANC area. However, the services may not duplicate those already performed by the District government or within the authority of the District government to perform.
- The completed application must be submitted to the ANC and to the Office of Advisory Neighborhood Commissions (OANC) at [oancs@dc.gov](mailto:oancs@dc.gov).<sup>7</sup> Failure to submit a copy of the application to the OANC will delay review of the application and may result in disapproval of the application.
- The completed application must include the following information by law:
  1. A description of the proposed project for which the grant is requested;
  2. A statement of expected public benefits (please clearly communicate how the funding will primarily benefit the people who live and work in the ANC area issuing the grant);
  3. The total cost of the proposed project, including other sources of funding, if any, with a description of what the expenditures the ANC money will be used for; and,
  4. An accounting by the grantees of the expected overhead costs the grantees will incur in carrying out the grant. No ANC shall provide a grant for which the grantee estimates that the overhead costs would exceed 15% of the entire grant amount.
- Applicants must provide a detailed budget of their project or program clearly identifying how ANC funding will be used.
- The ANC may not award a grant except pursuant to a majority vote of the ANC at a public meeting following a public presentation of the grant request.

<sup>5</sup> "Community" means those residents who reside within a Commission area. D.C. Official Code § 1-309.01(2)(c)(2B)

<sup>6</sup> D.C. Official Code § 1-309.13(m)(2)

<sup>7</sup> See: D.C. Official Code § 1-309.13(m)(2)

- Payment of grant awards must be supported by documentation, including vouchers, grant request letter or proposal, paid receipts, and minutes of the meeting in which the Commission approved the grant.
- All funds granted must be used in a manner consistent with the grant application approved by the Commission. Within 60 days after a grantee receives the grant award, and every 90 days thereafter during the life of the grant, the grantee must forward to the Commission a statement as to the use of the funds.

**NOTE:** The OANC is required to maintain a list of prohibited grantees and may disallow grant expenditures by ANCs which provide grants to any past grant recipient on the list that used grant funds contrary to the associated grant agreement!
