Re: BZA Case No. 19084 (1028 D Street, NE)

Dear Mr. Moy,

At a regularly scheduled and properly noticed meeting on September 10, 2015,¹ our Commission voted 7-0 (with 5 Commissioners required for a quorum) to support the Applicant's request for a variance from the off-street parking requirements set forth at § 2101.1. The applicant seeks the requested relief in conjunction with the construction of a new, two-unit rowhouse in the R-4 District.

The Commission supports granting the requested variance from the off-street parking requirements because strict application of the above-referenced zoning requirements would result in peculiar and exceptional practical difficulties and hardship to the applicant and because granting the requested relief will not result in substantial detriment to the public good or substantially impair the intent, purpose, and integrity of the zoning plan. Relief is particularly appropriate in this case given that the lot at issue lacks vehicular access both to the street and, due to the presence of an intervening lot, to the alley behind the lot.

Please be advised that Andrew Hysell and I are authorized to act on behalf of ANC 6A for the purposes of this case. I can be contacted at philanc6a@gmail.com and Mr. Hysell can be contacted at hysell6a06@gmail.com.

On Behalf of the Commission,

Phil Toomajian
Chair, Advisory Neighborhood Commission 6A
