Traffic Safety Assessment Questionnaire

Contact Information	
Name: [REDACTED]	Date: Thursday, July 15, 2020
Address: 1434 North Carolina Ave., Washington, DC 20002	Phone: [REDACTED]
1434 North Carolina Ave., Washington, DC 20002	Email: [REDACTED]
Signature: _____	

The purpose of this Questionnaire is for DDOT to gather information about a safety concern in order to perform a Traffic Safety Assessment (TSA). The intent of the TSA process is to ask residents to identify traffic safety concerns, whether along a roadway segment or at an intersection, and focus on the definition of the safety concern(s) rather than on a proposed solution or mitigation measure. Based on the nature of the request, DDOT will determine the type of assessment necessary to investigate the extent of the traffic safety concern.

To begin a Traffic Safety Assessment, please fill out the information below and answer any questions to the best of your ability. If necessary, please attach additional pages. In addition, please attach a letter of support from your ANC Commissioner, Councilmember's Office, or representative from the Mayor's Office of Community Relations.

Once completed, please submit this form to DDOT via the address provided below, or you can email the form to traffic.safety@dc.gov.

Washington, DC 20003

If you have any questions, please contact DDOT at 202-673-6813. Thank you.

Version 1.01, updated May 2019

Questions	
<p>Location of requested investigation: Define geographic boundaries as clearly as possible (400 block of A Street NE, intersection of 1st Street & B Street NW, etc.)</p> <p>Is this location near an existing construction project? If yes, please provide the name and location of the project and any construction-related concerns.</p>	<p>1500 block of 15th street and North Carolina Avenue, N.E., Washington, D.C.,</p> <p>Intersection: 15 Street and North Carolina Ave., N.E., Washington, DC 20002</p>
<p>Safety concerns: Provide a detailed description of the problems observed in the area of investigation (vehicle crashes, speeding, pedestrian safety, bicycle safety, unable to cross the street, hard to see cross-traffic, etc.)</p> <p>For intersection-related concerns, please include the type of intersection:</p> <ul style="list-style-type: none"> ▪ 1 or 2-way STOP control ▪ All-way STOP control ▪ Traffic signal 	<ol style="list-style-type: none"> 1. I have notice that cars are speeding through the traffic lights at speeds ranging from 35 to 40 mph. This happens every day/night. 2. There are many pedestrian (elderly folks, young children, and numerous bicyclers) who are constantly crossing and riding in the, and both cars and trucks are speeding to through the light. 3. The most recent vehicle crash occurred on Friday, July 24, 2020 at 11:00 pm in the intersection of 15th St and North Carolina Ave. N.E. The crash involved 3 cars, 1 parked car and the other two cars were in motion. and the accident involved 3 cars. 4. On Sunday, July 26, 2020 a car past a car on 15th street (which is a single lane) in the intersection with no remorse. And in previous years (2016, 2018 and 2019), cars are running the lights and speeding on yellow lights instead of stopping or slowing down. 5. In 2011 a car drove into my yard and got stuck in between two trees. The car was being chased by the police.
<p>Days and time when safety concerns are the worst: Such as weekday AM peak, weekday PM peak, overnight, weekends, etc.</p>	<p>The safety concerns are:</p> <ul style="list-style-type: none"> - Weekday AM peak, - Weekday PM peak, - Overnight and - Weekends
<p>Are there existing traffic calming features on the block? This includes speed humps, rumble strips, etc.</p>	<p>No there are no calming features on either of the blocks (15th street and North Carolina Ave.)</p>
<p>Describe neighborhood uses: Such as residential area, retail area, school zone, recreation center, community center, etc.</p>	<p>This is a residential area with a park across the street.</p>

Questions	
Describe multi-modal facilities: Are there sidewalks? Bike facilities or trails? Nearby Metrorail station or Metrobus stop(s)?	There are sidewalks and bike lanes.
Vehicle types: Is the concern about commuter traffic in cars? Is there a high volume of trucks, perhaps due to nearby construction? What about buses?	There has been quite a several trucks in the neighborhood in the last couple of years due to construction on schools in the area.
Have you previously contacted DDOT about your concerns? Please include name(s) and department(s) if possible. If you have already contacted 311, please provide the service request number.
