The purpose of this Questionnaire is for DDOT to gather information about a safety concern in order to perform a Traffic Safety Assessment (TSA). The intent of the TSA process is to ask residents to identify traffic safety concerns, whether along a roadway segment or at an intersection, and focus on the definition of the safety concern(s) rather than on a proposed solution or mitigation measure. Based on the nature of the request, DDOT will determine the type of assessment necessary to investigate the extent of the traffic safety concern.

To begin a Traffic Safety Assessment, please fill out the information below and answer any questions to the best of your ability. If necessary, please attach additional pages. In addition, please attach a letter of support from your ANC Commissioner, Councilmember's Office, or representative from the Mayor's Office of Community Relations.

Once completed, please submit this form to DDOT via the address provided below, or you can email the form to traffic.safety@dc.gov.

Questions	
<p>Location of requested investigation: Define geographic boundaries as clearly as possible (400 block of A Street NE, intersection of 1st Street & B Street NW, etc.)</p> <p>Is this location near an existing construction project? If yes, please provide the name and location of the project and any construction-related concerns.</p>	<p>The location is Wylie Street NE -- a one-block street between 12th and 13th Streets NE. There is one construction project on Wylie Street currently -- at 1247 Wylie Street NE; there are no construction-related concerns.</p>
<p>Safety concerns: Provide a detailed description of the problems observed in the area of investigation (vehicle crashes, speeding, pedestrian safety, bicycle safety, unable to cross the street, hard to see cross-traffic, etc.)</p> <p>For intersection-related concerns, please include the type of intersection:</p> <ul style="list-style-type: none"> ▪ 1 or 2-way STOP control ▪ All-way STOP control ▪ Traffic signal 	<p>The problem is speeding traffic on Wylie Street, which is a narrow street only a total of one block long. Cars regularly speed down the street, causing a serious problem for pedestrian and bicycle safety. Cars parked on the street are often dented, mirrors knocked off, etc.</p>
<p>Days and time when safety concerns are the worst: Such as weekday AM peak, weekday PM peak, overnight, weekends, etc.</p>	<p>Speeding is a problem at all times, but is especially serious in the evenings/nighttime.</p>
<p>Are there existing traffic calming features on the block? This includes speed humps, rumble strips, etc.</p>	<p>None.</p>
<p>Describe neighborhood uses: Such as residential area, retail area, school zone, recreation center, community center, etc.</p>	<p>Wylie Street is residential only, but is located one-half block from H Street NE, a major traffic, retail and restaurant thoroughfare.</p>

<p>Describe multi-modal facilities: Are there sidewalks? Bike facilities or trails? Nearby Metrorail station or Metrobus stop(s)?</p>	<p>There are sidewalks on both sides of Wylie Street. There is a Capital BikeShare stand on 13th Street between H and Wylie Streets. There is a Metrobus stop on H Street NE at the corner of H and 11th Streets. There is a streetcar stop at 13th and H Streets NE.</p>		
<p>Vehicle types: Is the concern about commuter traffic in cars? Is there a high volume of trucks, perhaps due to nearby construction? What about buses?</p>	<p>High volume of regular vehicular traffic.</p>		
<p>Have you previously contacted DDOT about your concerns? Please include name(s) and department(s) if possible. If you have already contacted 311, please provide the service request number.</p>	<p>No</p>		
<p>Any other information you would like to share?</p> <p>The residents would like a traffic assessment that helps reduce/calm traffic, but does not result in the loss of parking space on Wylie Street.</p>
